## The Next Luxury Car from Bentley

The Summer of 2010 will see the 2011 Bentley Mulsanne on sale for the very first time. The Bentley Mulsanne is set to be the jewel in the crown of Bentley's 2010 releases because it will be the car makers most luxurious model to date.

Features to look out for include a 6.75 litre V8 engine packing some serious power and 738 ft lbs of torque at 1,700 rpm. Aesthetically the Mulsanne is based loosely on an earlier 1930's Bentley model but still looks like a car for 2010 and beyond.

To create the Mulsanne the engineers and designers at Bentley utilised existing aerospace technology to get the car lighter than previous models. They've also installed an air-suspension system to make driving the car even more effortless.

The 2011 Bentley Mulsanne is expected to carry a price tag of \$300,000 when it does eventually go on sale next year.

## Specialist Guitars from DHR Music

DHR Music Experience is an Ohio based company dedicated to providing world-class musical instruments. Founded by Dale Rabiner, DHR specialises in rare and vintage guitars as well as guitars made by the best individuals in the industry. Craftsmen that complete work for DHR include Bendetto, Breedlove and Hammer and Collings.

The specialist nature of the guitars on sale through DHR means that often they'll have just one of a certain guitar available so if you like the look of a particular instrument you'd be advised to enquire quickly!

Pick of the bunch for me has to be the Bendetto Bicasso priced at \$8,000. This is a one of a kind guitar designed by legendary Bob Bendetto and drawing inspiration from Picasso. The Bicasso is a compact body electric guitar with a carved top, Florentine cutaway, natural finish on the front inlaid with exotic wood and a dark mahogany back. DHR Music say it's a fine example of sculpture as functional art.
